ENCLOSURE (A)

SECRET/SECURITY INFORMATION

JAP OF THE AREA BETWEEN VSETIN, VALASSKE MEZINCI AND ROZNOV POD RADHOSTEM WITH LEGEND

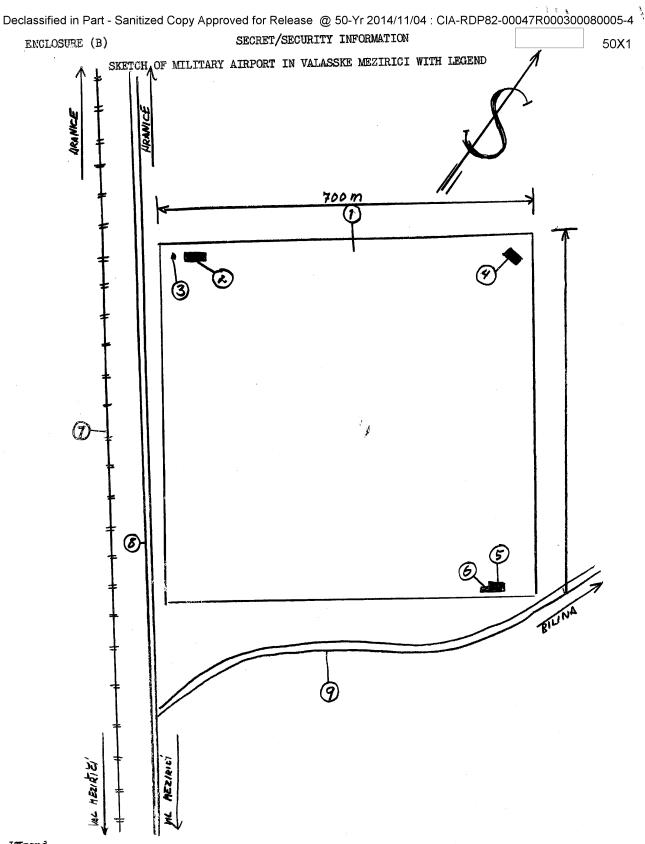

•gend

- The Mez plant in Vsetin.
- The underground depot of fuel and gasoline Jablunka near Vsetin,
- Construction of a new steel and concrete bridge over the Becva River which began in 1951. The bridge was not quite finished in November 1952.
- Construction of a new concrete bridge over the Becva River.
- .. The Tesla plant in Valsske Mezirici.
- . Airforce barracks. Only part of an air force school is accommodated here. The men from these barracks do not fly the planes on the airport in Valsske Mezirici. This is probably a training school for ground units of the air force.

 Newly built railway bridge of steel and concrete construction. The bridge was built in 1945
 - and serves as an overpass.
- .. Steel and concrete bridge over the Becva River which was built in 1945.

 .. Construction of a water plant for the city of Valasske Mezirici.

 Newly constructed machinery hall for the water plant. A pipeline goes from the machinery hall to the reservoirs. As late as October 1952, the hall was not yet equipped with machinery.
- ... The Tesla plant in Roznov pod Radhostem.
- .. Military airport in Valasske Mezirici.

Surface of the airport which is covered with grass.
 A wooden hangar 15 x 10 meters, with a flat roof, covered with tar paper. The hangar formerly belonged to the local Aero Club in Valasske Mezirici.

3... Wind sock,

9... A steamrolled district road.

4... A wooden hangar 20 x 10 meters, with mildly sloped roof, covered with tar paper. This hangar also was a property of the Aero Club in Valasske Mezirici.
5... A new hangar 20 x 10 meters, of corrugated sheet metal construction, which was built by the

military administration.
6... Guard house. This is a ground-floor brick house, 6x4 meters covered with a flat roof.

7... Double-track railroad. 8... New concrete highway which was first used in 1945.
